

Boardroom & Meeting

Custom built boardroom and meeting tables to fit room of any size

Choose from 120 colour samples of table tops

Solid table frames to support heavy weight

Cable management systems to organize your electronic connections

Comfortable leather seating for long conferences

Working with you from concept to creation our team will assist you fitting your conference room, training or meeting room with an extensive range of whiteboards, tables and chairs. Our vast collection of table shapes, tops and base will help you enhance your corporate environment in some of the most critical rooms, where important decisions are taken.

Because boardroom and meeting rooms are considered as key area of an organisation, they deserve to be fitted with the best designed products. We will help you through the selection process of seating suitable to specific situations with medium back and high back chairs made of leather, mesh or fabric.
